SUMMER WARDROBE

This summer, Etam stylists are offering a colorful ready-to-wear collection. Awaken your inner adventurer with fluffy blouses, belted chinos and structured overshirts. The look is bold and confident, comfortable and airy. Exploring the tropics or a free spirit on the beach, Etam's summer wardrobe is infused with season's key colors. Cactus and acid greens, whites and beiges, or the season's unavoidable royal blue. To travel the world and the most distant beaches, the Etam adventurer chooses zigzag stitching and knits made with WeCare materials to layer over lightweight dresses. A Summer 2023 collection designed to celebrate the spirit of adventure.
