

IT'S OUT!

SPORTS CAPSULES

DEDICATED AND PASSIONATE

To celebrate women in sports, five French athletes, experts in their respective disciplines, have joined Caroline Garcia in the Etam Team this year.

The brand's goal: to support these new ambassadors in their journey and share with them the highlights of their high-level competitions.

Each ambassador collaborated with our design studio to create a lifestyle outfit inspired by her sport, designed for her community of athletes, whether they are beginners, regulars, or enthusiasts.

CAROLINE GARCIA - TENNIS

For her second consecutive year with the Etam Team, the French tennis player expands her sports lingerie line for the brand. Alongside technical bras and panties tested during her matches, she has designed a "Tennis Club" outfit featuring a zip-up polo sweatshirt and a loose-fitting, two-tone blue and white t-shirt.

GLAWDYS LEMOUSSU - PARATRIATHLON

The paratriathlon champion opts for an original look: a cropped t-shirt and biker shorts, to be worn under an oversized navy blazer.

AUDREY TCHEUMÉO - JUDO

The judoka has designed a jogging set consisting of a comfy hoodie and matching jogging pants. The all-black look features an oversized hoodie and flared pants for a tapered effect.

AMINA ZIDANI - ENGLISH BOXING

The five-time French champion has created a simple yet effective everyday outfit: a casual white tank top and sculpting black leggings, topped with a shimmering windbreaker, the standout piece of the silhouette.

ESTELLE NZE MINKO - HANDBALL

The captain of the French handball team has created an ultra-trendy cropped sweatshirt and boyish shorts set. In coral tones, it's the perfect silhouette for the supporter seeking to combine style and comfort.

LAURIANE NOLOT - KITESURF

The reigning kitesurf champion has opted for a long, waterproof-style jacket paired with a short, stretchy skirt. Beneath this outdoor-ready look is a navy blue swimsuit set made from the innovative PYRATEX® power 3 fabric.

This material is crafted from dissolved wood pulp, treated with a low-toxicity solvent, and recycled elastane. The bio-sourced wood fiber mimics the functionality of typical synthetic swimsuits and can be worn as a regular garment or underwear. Experience a highly stretchable, form-fitting, quick-drying, and water-resistant swimsuit, essential for this summer.

Athlete Capsule, available in sizes S to L starting at €19.99.
