Spring EDIT

A breath of fresh air sweeps through Etam.

Spring Edit celebrates the awakening of spring with a collection that blends delicacy with the art of corsetry.

Here, flowers become Couture: airy fabrics, fresh pastel shades, flowers sculpted onto bralettes or embroidered onto lace. The SPRING EDIT collection brightens up your wardrobe.

And for loungewear? Flowing boxers and embroidered satin pajamas offer relaxed elegance.

We're in love with our JASMIN white mesh set. Couture and femininity combined.
