FROM DUSK TO DAWN

Discover our new exclusive Ramadan capsule collection, co-created with our Middle East partners.

From Dusk to Dawn is inspired by the moon's changing phases and the warmth of shared family moments.

A journey through light, movement, and night elegance.

The collection unfolds like the lunar cycle: soft satin and floral jacquards at first light, golden reflections and delicate lace as evening settles in.

Silhouettes are fluid and feminine, designed to move effortlessly from family gatherings to quiet moments at home.

The palette is warm and luminous - blush tones, sage green, ivory, champagne, and soft gold - echoing the glow of the season.

A capsule shaped by light, designed for women who embrace every phase with grace.
